

5.7 Summary of Cumulative Effects for Resource Areas

Exhibit 5-1 summarizes the potential cumulative effects presented in this chapter.

Exhibit 5-1
Summary of Cumulative Effects

RESOURCE AREA	NO-BUILD	REPLACE AND WIDEN	PRESIDIO PARKWAY	PREFERRED
Traffic and Transportation	No impacts expected	No impacts expected	No impacts expected	No impacts expected
Biological Environment	Beneficial Effects	Cumulative mitigation benefits would outweigh potential adverse impacts	Cumulative mitigation benefits would outweigh potential adverse impacts	Cumulative mitigation benefits would outweigh potential adverse impacts
Hydrology	No impacts expected	No impacts expected	No impacts expected	No impacts expected
Cultural Resources	No impacts expected	<i>No-Detour Option:</i> No impacts expected <i>With Detour Option:</i> Potential Adverse Effect	<i>Circle Drive Option:</i> Potential Adverse Effects <i>Diamond Option:</i> Potential Adverse Effects	Potential Adverse Effects
Visual Quality	Beneficial Effects	Beneficial Effects	Beneficial Effects	Beneficial Effects
