

# LONG-TERM RAMP CLOSURES

The two ramps connecting the Richmond and Marina districts of San Francisco, which closed in early 2010, will remain closed through 2015 in order to construct the new roadway. During these ramp closures, drivers making trips between the Richmond and Marina districts should use city streets to avoid traffic and congestion on Doyle Drive. The last exit before the Golden Gate Bridge becomes congested easily and should be avoided as a detour route.
