CONSTRUCTION ADVISORY
April 2012

WEEKEND CLOSURE OF DOYLE DRIVE BEGINS 8 P.M. ON FRIDAY, APRIL 27
Marina On/Off Ramp Closes at 7 p.m.

The Doyle Drive weekend closure begins tomorrow, April 27 at 8:00 p.m. In order to prepare for the full closure of Doyle Drive, the Marina on/off ramp to Doyle Drive will close at 7:00 p.m. See the map to the right for detour routes.

The full closure of Doyle Drive will last from 8 p.m. Friday, April 27 to 5 a.m. Monday, April 30. Highway 1 to and from the Golden Gate Bridge will remain open, however, expect major delays. Motorists are encouraged to use the Bay Bridge to San Francisco. MUNI and Golden Gate Transit buses will run modified service during the closure weekend, and Golden Gate Ferry service will be more than doubled to handle the increased demand. For more information, visit 511.org.

All dates are subject to change due to weather and unforeseen conditions. Please visit www.PresidioParkway.org for up-to-date information.
ABOUT THE DOYLE DRIVE REPLACEMENT PROJECT

The replacement of Doyle Drive with the Presidio Parkway is a collaborative effort led by the California Department of Transportation, the San Francisco County Transportation Authority, and the Federal Highway Administration.

Doyle Drive is structurally and seismically deficient and must be replaced. The roadway is facing the same problem that threatens other crucial components of the nation’s infrastructure – the ravages of time and continual use. Originally built in 1936, Doyle Drive has reached the end of its useful life. The Presidio Parkway is based on a world-class design that will improve the seismic, structural and traffic safety of the roadway. It also will be more sensitive to community needs and to the national park setting, reducing impacts on biological, cultural, historical and natural resources as well as the surrounding neighborhoods.

HIGHLIGHTS OF THE NEW DESIGN INCLUDE:

- A parkway with two sets of short tunnels, a wide landscaped median, traffic calming transitions to city streets and the inclusion of safety shoulders
- A spectacular regional gateway that respects the natural contours of the surrounding area and complements the unique environment of San Francisco and the Presidio, a national park
- New direct access to the Presidio and enhanced views
- A more centralized location for transit connections
- Enhanced pedestrian connections within the Presidio to the Main Post, Crissy Marsh, the National Cemetery and historic batteries
- Reduced light and noise intrusion at Crissy Field

CONSTRUCTION OVERVIEW

Construction of the Doyle Drive replacement, the Presidio Parkway, began in December 2009, more than a year ahead of schedule, due to $122 million from the American Recovery and Reinvestment Act of 2009.

Major construction of the new roadway will take approximately four years to complete and has been planned in two major phases in order to keep traffic flowing during the replacement. Seismic safety will be achieved in spring 2012 after the completion of the first phase.

Major construction is expected to be complete in 2015 and will be followed by an extensive landscaping program. An ongoing series of advisories will update the public on what to expect as work progresses.
