LANE CLOSURES AND TRAFFIC CONTROL ALONG LINCOLN BOULEVARD

December 5 and the week of December 12

During the weeks of December 5 and 12, lane closures and traffic control are scheduled along Lincoln Boulevard.

On Monday, December 5, lane closures will support the final striping of the newly-widened roadway.

Additional striping activities are expected to occur on northbound Girard Road between Lincoln Avenue and Highway 101, requiring a closure of the bicycle lane and shoulder, and at the Gorgas Avenue pedestrian and bicycle connection to Lyon Street.

During the week of December 12, continued lane closures and traffic control on Lincoln Boulevard west of McDowell Avenue are scheduled to support the installation of a new storm drain.

Drivers can expect intermittent delays. Please exercise caution around large equipment and follow instructions from signage and flaggers.

Thank you for your patience during construction.

All dates are subject to change due to weather and unforeseen conditions.
