

# Construction Advisory

February 2017

## UPDATE: CONTINUED LANE CLOSURE AND TRAFFIC CONTROL ON LINCOLN BOULEVARD UNDER HIGH VIADUCT Through Mid-February

Through mid-February, continued traffic control is scheduled along Lincoln Boulevard under the High Viaduct.

Crews will install a drainage system along the embankment slope adjacent to the west side of the roadway in preparation for final landscaping. Increased truck hauling operations in the area will support the delivery and off-hauling of construction materials.

No impacts are expected to the bicycle/pedestrian path along the east side of Lincoln Boulevard.

Thank you for your patience during construction.

All dates are subject to change due to weather and unforeseen conditions. Please visit [www.PresidioParkway.org](http://www.PresidioParkway.org) for up-to-date information.
