

# Construction Advisory

## November 2016

### RESCHEDULED: NIGHT WORK ON NORTHBOUND HIGHWAY 101

#### Beginning November 30, for approximately one week

Beginning Wednesday, November 30, for approximately one week, lane closures and night work are expected along northbound Highway 101, and along the northbound Highway 1 connector to northbound Highway 101, for crews to import material and place soils in the Highway 1/101 interchange area.

Additionally, on Wednesday, November 30, lane closures and night work are expected along northbound Highway 101 adjacent to the North Fort Scott/Armistead neighborhood to continue drainage system installation.

These activities must be performed at night to avoid traffic delays associated with lane closures. Lane closures and night work are scheduled from 10:00 p.m. until 6:00 a.m. the following morning. This work is weather-dependent and may be rescheduled in the event of rain.

Increased truck hauling operations in the area will support the delivery of construction materials. Work activities will involve large equipment and may generate noise.

Thank you for your patience during this activity.
