

# Construction Advisory

## February 2017

### UPDATE: EXTENDED NIGHT WORK ON SOUTHBOUND HIGHWAY 101

#### For approximately one month

For approximately one month, periodic lane closures and night work are scheduled along southbound Highway 101 at the northbound Highway 101 hook ramp and between the Battery and Main Post Tunnels. Lane closures are required for crews to prepare the highway median for landscaping.

Work activities must be performed at night to avoid traffic delays associated with lane closures. Lane closures are scheduled for Monday through Tuesday from 10:00 p.m. to 6:00 a.m. the following morning.

Increased truck hauling operations in the area will support the delivery of construction materials. Minor noise impacts may be expected.

Thank you for your patience during this activity.

All dates are subject to change due to weather and unforeseen conditions.
